

LE THI PHUONG NHI

APPLY FOR: IT INTERN

CONTACT:

Phone: +84 399 439 752

Email: nhi133a@gmail.com

Address: Dormitory Zone B, VNU-HCM, Thu Duc City, HCMC

CAREER OBJECTIVE

Motivated IT student seeking an IT Support / Helpdesk internship to apply practical knowledge in Windows Server, Active Directory, networking, and end-user troubleshooting. Eager to contribute to a stable IT environment and grow toward a System Administrator role.

EDUCATION

Student of Engineering in Electronics and Telecommunications

University of Science – VNU-HCM

(2022–2026(expected))

GPA: 7.87/10

TECHNICAL SKILLS

Operating Systems: Windows 10/11, Windows Server (basic understanding), Linux (Ubuntu)

Hardware & Devices: printer/scanner setup, peripheral troubleshooting

Software & Tools: Microsoft Office (Excel, PowerPoint, Word), TeamViewer, Active Directory

Networking Fundamentals: TCP/IP, DNS, DHCP, LAN/Wi-Fi troubleshooting

IT Service Management: Ticket handling, incident reporting, inventory tracking

Documentation & Reporting: User guides, work instructions, data preparation for reports

Languages: English - TOEIC : 745

PROJECT

Windows Server Lab — Classroom IT Infrastructure

Tools: VMware, Windows Server, Active Directory, GPO, DNS, File Server, RDP

Configured Active Directory with OUs and user groups, enforced security policies via GPO, set up DNS for internal resolution, and managed file access through NTFS permissions — resulting in a centrally managed system with controlled user access across all machines.

SOFT SKILLS AND ACTIVITIES

Gained experience in collaboration, task sharing, and achieving common goals in group settings.

Adaptability: Learned to adjust plans and strategies flexibly depending on resources and situations.

Ability to communicate with and support users through part-time sales work.

Head of the Faculty's Arts and Culture Club

Participate in volunteer activities at school.

Eagerness to learn new technologies and tools
